Safe Spaces

We consider creating safe spaces for women and children to express themselves as one of our main goals. To this end, we create innovative digital tools and games, and organize meetings and events.
Founded in 2000 by a group of volunteers who came together in the Marmara earthquake region.

**MaviKalem**

Our work to protect and support women and children affected by disasters and wars is based on international humanitarian principles.

**Humanitarian Aid**

We consider volunteering, sharing, solidarity and cooperation as the starting point of all our work.

**Volunteerism**

We work on violence against women, abuse, women’s health, health rights and child protection. We approach problems and solutions from women’s perspective.
